You boys willingly left your studies at school to serve your country in its present peril. One of your purposes is to make America safe for education—safe so that other boys in the future will not have to leave school as you did. You, then, are most deserving of some honor and recognition, and this is our way of showing our profound admiration for you.

To you, our eighteen classmates who have left L. H. S. to enter the armed forces, we, the Seniors of 1944, gratefully dedicate the REVUE.

## SUPERINTENDENT

---

No greater tribute could be given to our former students and classmates who are now in the service of our country than the dedication of this Annual. No greater loyalty and sincerity towards the war effort could be exemplified by any true Americans than has been shown by the faculty and students of our high school. The graduating class of 1944 have been prompt in their response to contributions and activities on the home front and have also suffered the absence of many of their classmates who have gone into active duty in the armed forces of our country. In the face of all this we have had a great school year and much credit goes to the graduating class of 1944.

Congratulations and best wishes to a great class of Linton-Stockton High School graduates.

Jere O. Goodman

The School Board is an advisory board to Mr. Goodman. It is their decisions which determine new policies for the school. These policies are obviously sound for so far, they have worked favorably.

The Senior Class of '44 wishes to express its appreciation to the members of the Linton-Stockton Joint School Board for their work in improving our school system. We know they will continue to outline policies for the improvement of our school and thus keep alive its excellent reputation.

Lest we forget these faithful custodians, we, the Seniors of '44, should here like to express our appreciation for their kindness and consideration for the students of Linton High School.

## SENIORS

It was in the year 1940 that we started out on the Voyage of Higher Education. We had served an apprenticeship during the previous eight years and had learned the basic principles to help us in our journey. The crew was made up of 172 eager seamen, who wanted to learn how to avoid the Whirlpools and Currents of life. John McBride was chosen as our first captain, and under his guidance we made much progress.

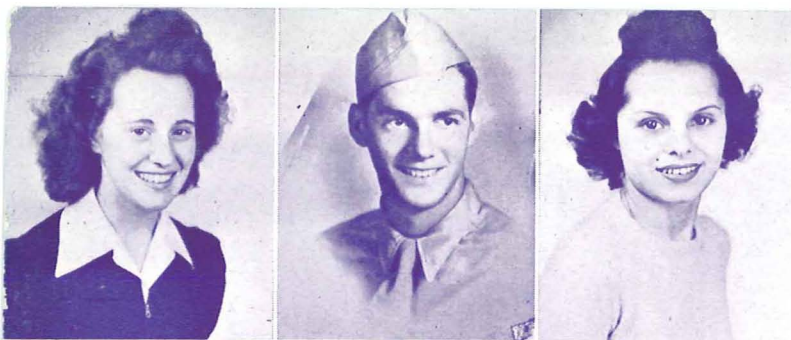

In our second attempt to continue our journey, we elected Jack Woodward as our leader. Due to his skillful navigation and foresight, we arrived safely at the banks of Junior Year. Our journey up to this time had been endangered by Tidal Waves of Tests. We experienced many dark days, too, which were brought on by disappointment in our report cards, the Milestones of Progress. We survived all of these dangers.

Our trip was not without happiness though. We had many days of Clear Sailing, which included school parties, skating parties, plays, and football and basketball games.

The crew was getting restless, and finally we anchored our ship in the Lagoon of Rest for our yearly vacation of three months. When we again resumed our voyage, we found that our crew had decreased in number, for many had stopped off at various islands of Opportunity while others were on the Sea of Matrimony. We experienced much Fair Weather on the third lap of our trip and it was during this time that the more athletic of our crew managed to out-manuever members of other crews in various contests. For this they received beautiful trophies, which made us very proud. Our able skipper during this time was Howard Keller.

We were now on the home stretch of our long pilgrimage, which was being led by Treva Williams. Our crew now numbered only 74, for the Winds of Misfortune had taken many to join a larger crew belonging to our country. We docked at the Port of Hopeful Seniors. It was here that we were to receive our passports for a longer voyage. We had not been there long before we discovered the shining tower of Approaching Graduation. There were winding stairs that led to the top of this tower. Climbing diligently, we finally reached the landing of Junior and Senior Prom. It was not long after that until we reached the top of the tower. Here each of us received the long awaited diploma, our Passport to the Outer World. We then parted, each determining to make his travel down the Stream of Life as successful as possible.

# SENIOR CLASS WILL

We, the Senior Class of Linton-Stockton High School, the city of Linton, the state of Indiana, being of sound mind and memory, do make, publish, and declare this, our last will and testament, in manner and form as follows:

First: We direct that all our good times we had at the ball games, school parties, and other school activities be given to the future Seniors. To you, we also will our strange power of avoiding seats which have been set with tacks by humorous students. We also hereby bequeath a pair of nylon hose and a shoe coupon to all those girls who will step into the empty shoes of the Senior girls next year.

Second: We give and bequeath to the future Juniors of Linton-Stockton High School the happiness we experienced in our Junior year—especially the memories of our elaborate Junior and Senior Prom of '43. We also will to you our ability to make alibis and get away with it, and also our formula for making the honor roll.

Third: To the future Sophomores, we give and devise the spirit of cooperation we had when we were Sophomores and that grand and glorious feeling we had when we could no longer be called "green Freshies."

Lastly, we hereby give, bequeath, and devise to future Freshmen a sound body and mind—you will need it to take the hard raps of life. We give to you three more years of hard work also.

To all the teachers we bequeath several classes of boys and girls who know as much as the teachers think they should know. We also will to them a pair of noiseless rubber heels which will enable them to slip into the rooms unexpectedly and catch mischievous students in the act.

To all the future occupants of Linton-Stockton High School, we leave all the desks and seats as a depository for chewing gum and a place for carving initials. We also bequeath to the lovers of chewing gum all of the before mentioned that happens to be scattered on desks and seats.

To all musically inclined students, we will the piano in the auditorium, which, by the way, doesn't belong to us.

In witness whereof, we hereto subscribe to our name and affix our seal this sixteenth day of May in the year of 1944.

# CLASS PROPHECY

---

Oh say, have you heard about my trip to Chicago? Upon my arrival I got a room at the Ritz Plaza Hotel. In the first two days of my vacation, I noticed a mysterious room down the hall. At least one hundred people visited the room every day. On the second day I took a walk past the door of the mysterious room and noticed a sign "Madame Klondike, Famous Crystal Gazer from India." Bang! a thought came instantly to my mind. Why not ask Madame Klondike what would happen to my classmates of '44? I slowly entered the darkened room. All the weird decorations, incense, and a black cat, which curled around my legs, made me wonder if it were really worth my effort and money to hear the future of the senior class of '44.

As I sat there on the edge of my chair, about to leave, in walked Madame Klondike, dressed in her native Indian garb. Madame seated herself opposite me at the small table and gazed into a large crystal ball.

Madame said, "I see dimly a book."

"Oh, I forgot to pay you," I exclaimed in a scared voice. "Here is your money."

Once again Madame Klondike began, "I see thousands of girls rushing into the Farris Book Store owned by Junior Farris. They are all trying to obtain the book "How to Get Your Man" by Norma McCullouch, who is now a famous authoress. A night club at the edge of Jaybird Roost is Max's Booze Joint. Sitting on a lonely stool is Bob Freeman, begging the bartender for another drink. Betty Huey is selling short one-cent cigarettes, while Flora Borders is selling king-size cigarettes. Playing on a one-night stand is Jackie Osborn, his one-man band, and his vocalists Mary Johnson and Deloris Rader. Because of his disorderly conduct, Bill Lehman is being thrown out of Max's Booze Joint by the bouncer you know as "Muscles" Thomas. Max's stiffest competition is across the road. There I see a sign flashing "Eat Lunch With Bunch." The cook there is Tommy Shouse, famous for his Wimpy Boneburgers."

As I sat anxiously waiting to hear the rest, Madame informed me that the vision was fading, but with an additional fee of five dollars the vision might reappear. Not wanting to lose this opportunity of hearing about my classmates, I gladly gave her five dollars. She quickly resumed her story.

"I see Betty Davidson, Doris Breck, Delores Alderson, Reba Goodman, and Jo Ann Smith at the regular meeting of the Walking, Talking Table Club, which is meeting at the home of June Stevens. Bob Maxwell is owner of the Grow-well Vegetable Farm and has a profitable business trucking vegetables from Linton to Chicago. I see five well-dressed men sitting in Goldberg's Grill. They are Ivan Moore, Ronald Clayton, Jimmy McGriffin, Julian Letot, and John Smith, who are still the most eligible bachelors in town. I also see Phyllis Baize, Amelia Calvert, Reva Goodman, Rosemary Grass, Mable Richey, and Pat Davis happily married. Treva Williams, Margaret Reeve, and Barbara Robey are still on the alert for stray men. I see Warren Blackburn still saving a seat for somebody in the show, while Glen Giffin is at Elkhaville, Illinois, working at the Little Egypt Farms. Patty Cunningham, Margaret Moss, and Ruth Griffith are operating the "Glamour Galore Beauty Salon" beside Gloria's Rice and Grain Store. Gloria is assisted in her business by Don Truitt."

## CLASS PROPHECY

Madame Klondike again said that the scene was fading. I did not wait for her to drop another gentle hint as to another fee, but quickly gave her another five dollars. This must have made the scene clearer, for she continued without further ado:

"Denis Jaster and Frances Goshen, famous inventors, have been given medals for developing a typewriter with an automatic carriage throw and an eraser attachment that erases errors so well that the most discriminating teacher cannot detect them. Jack Woodward is directing a play featuring Harvey Miller, who is loved by all the little kiddies as Captain Colossal, the successor of Superman. Virginia Clayton is loved by the citizens of the United States because she has devised a short income tax blank. Clinton Yoder is making his campaign speech in favor of his election to the office of Mayor of Dog Town. Sharpe Hosford and Lola Imrie are ballet instructors. The Hosford-Imrie Class, composed of Emily Hewitt, Marguerite Donie, Helen Grounds, Ted Ham, and Bill Lucas, will perform tonight at Hollywood's Little Theater Around the Corner. Wayne and Laverne Wright are co-owners of the Wright and Wright Stationery Shoppe. Buril Lawson is chauffeuring Kenneth Wakefield, president of the Wakefield Plastic Company, on his tour of America. Joe Thompson and Philbert Wright are working on a medical compound which will prevent that sleepy feeling on the morning after the night before. I see Harold Richardson and an unidentified girl sitting on the banks of a stripper pond near Newberry trying to catch bass. I see Faye Conley getting her wish of being married in a grass skirt. The ceremony is being performed by the Reverend Howard Keller."

Madame stopped just for a moment to catch her breath; then she continued: "I see the Senate in session. Senator Bill Cunningham from Indiana is making a speech in favor of a bill which permits a man to have more than one wife. I see preparations being made for a long journey, but because of the vanishing scenes, I cannot tell you who they are or where they are going."

I knew there were only a few more left, so I gave her another bill. Immediately she began her story: "It is Dr. Joe Thomas and his nurse, Doris Tannehill, about to make an expedition into darkest Africa on a medical research. Sherlock Holmes is conducting a nationwide search for America's Public Enemy No. 1, George Plew and his moll, Betty Pruitt. Doris Strickland, railroad tycoon, has just purchased the B & O Railway Lines. Her first employees are Charles Bredeweg as engineer and Ruby Glenn as his assistant, whose duty it is to blow the whistle at each crossing. Janet Harritt and Warren Pope are starring in the Broadway hit "Love 'Em and Leave 'Em," written by Aline Hainaut. I see Harold Morrison judging the annual Shakamak Swimming Meet. Two of the contestants are Kathleen Rowe and June Marquart."

With a sigh she stopped and said, "Well, that accounts for all of the Seniors of 1944, and I must say that as a whole they have turned out very well."

"Yes," I agreed, "but what about my friend, Katie Morgan? Didn't you see her in the crystal ball?"

Madame started to speak, but suddenly changing her mind, she removed the turban and veil concealing her features. My! was I surprised when I saw that it was none other than the friend about whom I had inquired. And as this brief story comes to an end, I am happily shaking hands with Madame Klondike and hoping that in the near future we may both meet our old classmates in person.

## AMERICAN LEGION

The Frank Courtney American Legion Post presents the American Legion Award to the student who has attained the highest scholastic record during his high school career.

JACK WHEELER

President

DRUSCILLA SKOMP

Secretary-Treasurer

We got off to a wonderful start this year by electing as our class officers: president, Raymond Flack; vice-president, John Corbin; and secretary-treasurer, Druscilla Skomp.

We elected as our homecoming king and queen, June Wright and John Corbin. Many of the Junior boys were members of the football team. In basketball, the Junior Class was well represented by having four Junior boys on the first five.

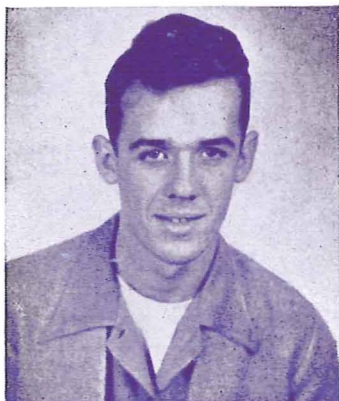

We have, during the year, sold pop, candy, and pop corn at the games to help make money for our prom.

Near the middle of the year we received a great shock, the death of our very capable and popular class president, Raymond Flack. To fill Raymond's position as class president, we elected Jack Wheeler.

With the help of our sponsors, we also planned a very successful prom for the Seniors.

We are proud of the job we have done as Juniors. Although we had many sorrows, our joys overruled.

Here's to a great Senior Class of "45."

Laddie, beloved laddie! How soon should we  
cease to weep

Could we glance through the golden gateway  
whose keys the angels keep!

Yet love, our love that is deathless, can follow  
you where you roam,

Over the hills of God, laddie, the beautiful hills  
of Home.

## HI-Y

The Linton Hi-Y Club is a group of boys of the three upper classes in Linton High School committed to the Hi-Y purpose. The purpose of the Hi-Y is to create, maintain, and extend throughout the school and community high standards of Christian character. The platform of the club is: Clean Living, Clean Speech, Clean Athletics, Clean Scholarship.

The triangular emblem of the Hi-Y explains the work and ideals of the club. The white cross represents spiritual growth and devotion; the blue background represents loyalty and faith; and the red triangular border represents physical development. The club's studies and discussions develop the boys spiritually; the athletic meetings develop the boys physically; and the entire work of the club teaches loyalty to one's country and church.

The Hi-Y helps boys to achieve a more Christian way of living by

- developing a personal integrity and self discipline;
- developing a growing sense of personal worth;
- maintaining perspective in a world of shifting values;
- performing useful community services;
- preparing in thought and action for the postwar world;
- conserving and strengthening democratic traditions;
- cooperating with other groups of young people to achieve these objects.

The purpose of the Girl Reserves is to find and give the best. Membership in this junior branch of the Young Women's Christian Association is open to any girl who is interested in the better things of life and who is willing to live up to the code, which is:

## I WILL TRY TO BE

Gracious in manner  
Impartial in judgment  
Ready for service  
Reaching toward the best  
Loyal to friends.  
Earnest in purpose  
Seeing the beautiful  
Eager for knowledge  
Reverent to God  
Victorious over self  
Ever dependable  
Sincere at all times.

The Band was organized to afford an opportunity to those students who are interested in music to develop their musical talents and ability.

Under the leadership of B. J. Barnes, the band has made excellent showings at basketball games, football games, convocations, Scitamard plays, Senior Play, local bond rallies and a bond rally at Worthington.

The members of the Band wear uniforms of red and blue, the school colors.

The officers of the organization are: president, Don Bemis; secretary-treasurer, Tommy Smith. The student director of the Band is Howard Keller.

The majorettes in their colorful uniforms of blue and red tunics and white skirts, lead the band and add to its appearance. Their bright costumes have added an air of gaiety to football and basketball games, bond rallies, and parades.

There are two majorettes, five twirlers, and eight beginners. We are confident that from the eight beginning twirlers will come forth several who will make excellent leaders next year.

The beginning twirlers are: Phyllis Potter, Joyce Weaver, Phyllis Miller, Mary Lou Pruitt, Betty Lacey, Delores Plew, Jean Himebrook, and Kay Penna.

The girls practice at activity period two days a week.

The tradition of the club is to sing at commencement. This year, as usual, it will carry out the tradition.

The girls in their blue and red robes have sung patriotic songs at convocations.

The Glee Club is under the supervision of Mr. Barnes.

The girls are accompanied by Doris Breck.

The 4-H Club Girls of Linton are proud to have been a part of the army of 1,700,000 girls and boys in 4-H Club work in 1943.

The local officers for the year were: leader, Mrs. Lois Evans; president, Jean Strong; vice-president, Marguerite Donie; secretary, Betty Alsop; treasurer, Joan Mitchell; song leader, Virginia May; reporter, Rose Seccina; yell leader, Betty Pankey.

Sixty-two of the girls were winners of awards in the Greene County 4-H show. Deloris Grounds, Joan Mitchell, and Betty Alsop were elected to send work to the State Fair. Joan received a State Achievement Medal in clothing.

Virginia May was chosen junior champion in the Girls' Dress Revue. Betty Alsop, Joan Mitchell, Sally Cunningham, Donna Jean Hibbard, Bebe Rose Richards, Joan Blevens, Carolyn Keller, Jeanne Phillips, Carolyn Love, Barbara Goodwin, Virginia May, Geraldine McDowell, Geneva West, and Rose Marie Goodman won medals in the revue.

I pledge  
my Head to clearer thinking,  
my Heart to greater loyalty,  
my Hands to larger service, and  
my Health to better living,  
For my Club, my Community, and my Country.

## G. A. A.

The purpose of the Girls' Athletic Association is to promote interest in gymnastics and athletic activities among the girls of the Linton-Stockton High School. It was organized as a means of promoting physical efficiency and good fellowship.

Membership in the association is open to all girls of the high school who meet the necessary requirements. This year the club has a membership of thirty-five girls.

The officers of the club are: sponsor, Miss McDonald; president, Patty Alexander; vice-president, Barbara Robinson; treasurer, Barbara Goodwin; point secretary, Margaret Moss.

The following girls have earned their "L" monograms for their G. A. A. work: Betty Pruitt, Marguerite Donie, Margaret Moss, Reba Goodman, and Rosemary Grass.

The purpose of Scitamard is to foster among the pupils an interest in good drama, to acquaint the members of the organization with the problems of producing a play, and to afford these amateur actors an opportunity to perform and to work in cooperation with others.

During the school year, 43-44, the Scitamard Club has given two plays, Charles Dickens' "Christmas Carol" and "Victory Home."

Membership in this organization is open to all Sophomores, Juniors, and Seniors. Because of their cooperation with the members of Scitamard in putting on the plays of this year, Ellis Crum, Rusty Edwards, and Sammy Taylor were given special admission to the club.

## 4-H BOYS

### "TO MAKE THE BEST BETTER"

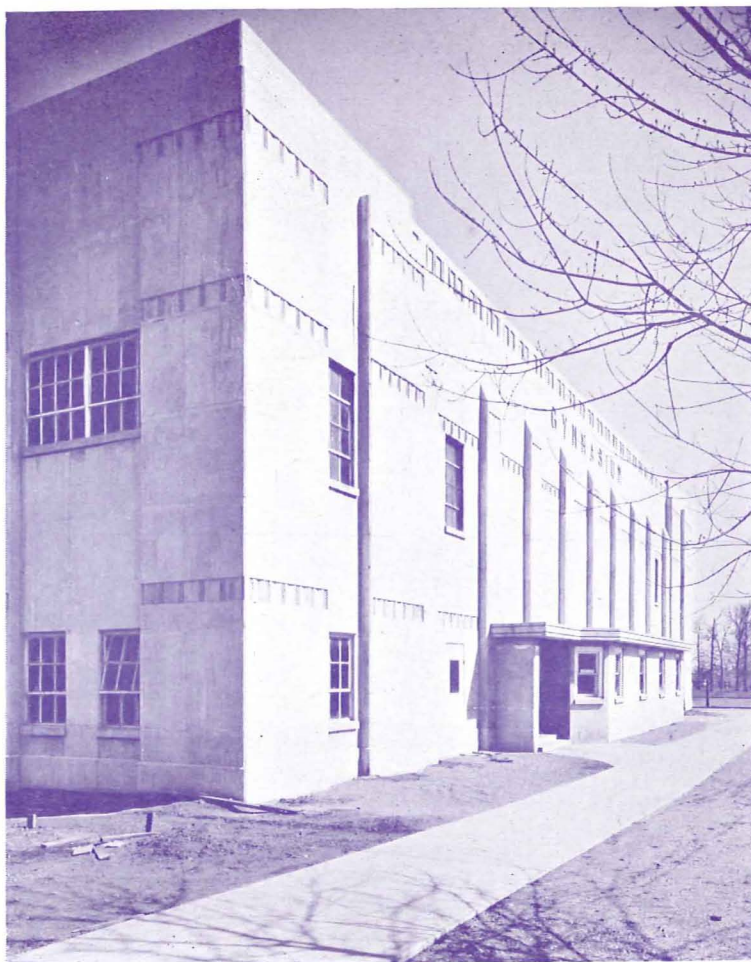

The aims of the National 4-H Clubs are: "The development of the head, heart, hands, and health, which are represented by the 4 H's in the four-leaf clover; the training of boys and girls for leadership in a democratic way of life; to learn improved methods of farming and homemaking; to develop community and national pride and spirit; to develop a love of nature and the wholesome things of life; to learn to cooperate and work together for the benefit of all."

The year 1943 was a successful one for the members of the Boys' 4-H Clubs. Of the fifty-five members completing projects, thirty received awards in the county show. Rudy Stefancik, Samuel Lucas, Jerry Oniones, Junior Perigo, Warren Pope, Harold Peterson, and Baxter Ellis won first placings. Maurice Martindale received the county award and gold medal for outstanding club work in his lamb project, Philip Bredeweg and Baxter Ellis receiving honorable mention in the beef and dairy projects.

A poultry team, composed of Virginia Wilson, Frank Wilson, and Junior Perigo, tied for fourth place in the state contest at Purdue University. Warren Pope, now in the U. S. Navy, Baxter Ellis, Harry Gabbard, Frank Wilson, and Max Cunningham were members of two dairy judging teams that also competed in the state contests.

## JAYCEE AWARDS

The above awards are given annually in both football and basketball by the Junior Chamber of Commerce.

The Junior Chamber of Commerce is made up of young men between the ages of twenty-one and thirty-six. An athletic board appointed by the members selects the outstanding athlete to receive the Jaycee's award. The award is given to the player of most value to the team and is based upon sportsmanship, cooperation, and loyalty.

At the close of each season a banquet is given by the Jaycees in honor of the athletes. Other awards are given to the graduating Seniors.

## COACHES

**GARLAND LADSON**

**ROY WILLIAMS**

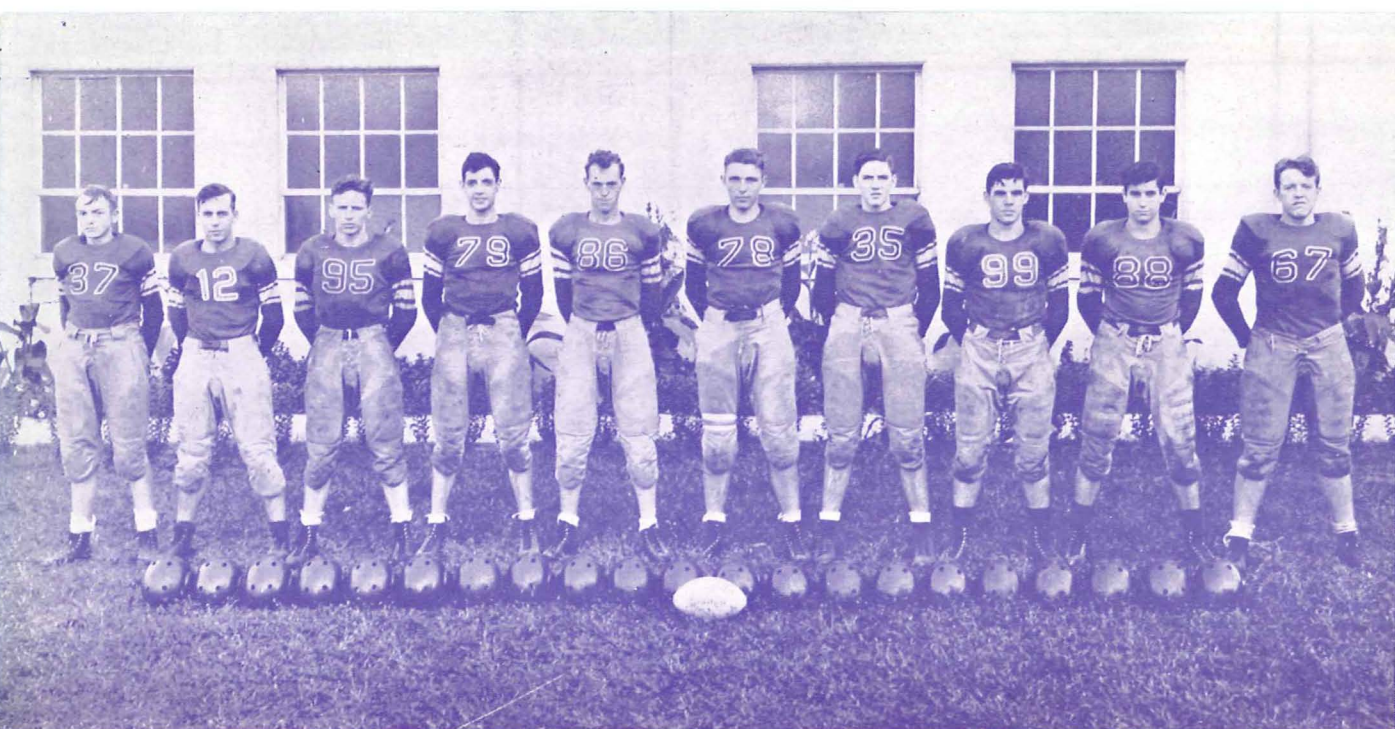

Our co-coaches, Roy Williams and Garland Ladson, began their athletic careers while students in Linton-Stockton High School. Mr. Williams earned four football letters here and later earned letters at Indiana State and Franklin College. In 1925 Coach Williams was All Valley center for the local eleven. Mr. Ladson earned four basketball letters at Linton High School when he was a student here and later won two at Indiana State.

Mr. Williams became head football coach for the Miners in 1941. During his second season Mr. Williams's football team claimed the title of Wabash Valley Champs.

Mr. Ladson coached basketball at Linton Junior High School from 1935 to 1940 before taking over as head coach of the Miners in 1941.

During the past three years Ladson has a record of fifty-eight victories and only seventeen defeats.

## FOOTBALL

After winning the Wabash Valley Trophy last season, Coach Roy Williams had a promising team for the 1943 season. Eleven letter men were expected back, but during the summer five were sworn into the service; and before the season ended, the team suffered the loss of three more.

Due to the loss of these letter men the inexperienced Miners seldom found the score in their favor, but the fighting spirit was there; and the experience the boys gained will help them in the seasons to come.

## BASKETBALL

At the start of the 1943-44 basketball season, the Miners were not expected to win many ball games because of the loss of several players, but as the season progressed the new material proved its worth.

The team hit its peak when it won the fifth game of the season by defeating Boonville 34 to 32 in a double overtime game. Only one week later Boonville downed Bosse of Evansville, who won the state championship by eleven points.

The Miners for the fourth straight year, won their way to the Wabash Valley Finals. They have yet to lose a tourney held in their local new gymnasium.

The young Miners' determination, fighting spirit, good sportsmanship, and courage won many games for them.
